

## **GiveLight Foundation**

Throughout my years in high school so far I've done some work in the GiveLight Club, or by another name, the [GiveLight Foundation](#). GiveLight really tries to make a difference in the world by helping raise money for those in need, such as orphans or the homeless.

## **STAR Club**

I've done work for STAR Club as well, which is a club with very similar essential goals to GiveLight, and due to that they often collaborate in activities together. However I could not find a link for STAR Club like I did with GiveLight.

## **Track & Field**

I have competed in DHS's Track & Field team for two years as both a long-jumper and a sprinter. I've done one season per year from Freshman to Sophomore, with each season taking about three months. I also participated in Track pre-season conditioning in Sophomore year for five months before Track season arrived. I was able to make it to EBAL(East Bay Athletics League) and even further to NCS(the North Coast Section of the CIF), and received an athletic award for being able to make it that far.

## **Education**

### Fallon Middle School 2014-2017

Non-standard courses/electives: Spanish 1A, Spanish 1B, Drawing

### Dublin High School 2017-(expected)2021

Freshman Courses: Freshman Physical Education, Drawing 1, Algebra 1, Biology, Spanish 2, Freshman Seminar(1st Semester)/Health(2nd Semester), and English 1.

Sophomore Courses: Algebra 2/Trigonometry, English 2, Spanish 3, Video Production 1, World History, and Conceptual Physics

Junior Courses: Computer Science Principles, Precalculus, World War II(1st Semester)/The Wild West(2nd Semester), English 3 Honors, US History, and Honors Chemistry

Other Academic info/accomplishments

- Maintained Honor Roll GPA in Freshman and Sophomore year
- Took Geometry in the summer of 2018 through [DPIE](#) program, finished with a grade of 95%.
- Took AP Psychology at Las Positas College over the summer of 2019; and that wasn't only my first college class, but I also was able to complete it with a final grade of 101%.
- Plan to take an SAT class over the summer of 2020, while at the same time getting a job.
- Plan to graduate with at least a Diploma With Distinction, if not an Advanced Scholar Diploma.
